1 *A Wave for Friends*—Cuban refugees waved to Cuban exiles on shore as their coast guard cutter approached Key West last fall. Such emotional scenes occurred frequently after Castro announced his "open door" policy, allowing certain groups of Cubans to leave his dictatorship.

2 *Pioneer in Space*—Astronaut Edward White stepped from his Gemini IV space capsule and into the void of space last June. Maj. James McDivitt, his companion on a 3½-day orbital flight, had to coax White back into the capsule after he had traveled 20 minutes suspended from Gemini IV. Gordon Cooper and Charles Conrad were the next space twins to orbit the earth. They completed their 8-day flight in Gemini V during August.

3 *Medicare Bill Signed*—President Johnson signed the Medicare Bill into law July 30 with former President Truman at his side. Witnessing the event that had far-reaching effects on Social Security benefits for the elderly were (left to right) Lady Bird Johnson, Vice President Humphrey and Bess Truman. The ceremony was held in Truman Library in Independence, Mo.

4 *Temporary Mood*—Dodgers Manager Walter Alston's mood of dejection after the Minnesota Twins won the sixth World Series game did not last long. The Dodgers emerged victorious in the 7th game and captured the pennant.

5 *Double Space Spectacular*—Astronauts Wally Schirra and Tom Stafford got this view of the Gemini 7 spaceship December 15 while traveling in their Gemini 6 craft for their historic rendezvous adventure. Schirra and Stafford rode their red-hot craft back to earth the following day, but Gemini 7 completed a 14-day mission before its re-entry. Making the longest and most significant voyage in space in Gemini 7 were Frank Borman and James Lovell, Jr.

We feel that a yearbook is more than a roster of Seniors. It is an attempt to recap the year's events and to relate them to a central theme.

Attending high school is like living in a world within a world. Within the confines of the inner world lie many aspects of the world outside. The inner world has its political leaders, its government administrators; faculty and administration. The inner world has its Congress, its Parliament; the student council. The Inner world has its civic organizations, its fraternal societies; many different and worthwhile clubs. The inner world has its Olympics, its moments in sports; athletic competitions with surrounding towns. The inner world has its population, its citizens; the student body. This is the world, the life, depicted by the TORCH '66.

DEDICATION

Dedication

For her deep understanding of youth and the problems it brings, for her encouragement of creativity and originality, for her cheerful, warm personality and positive attitude, the Senior Class, in gratitude and admiration, dedicates the 1966 edition of the Torch to Mrs. Elinor Churchill.

Mrs. Churchill, a native New Englander and upstanding Yankee, has lived all her life in Massachusetts. Her ambition, always to work with young people, turned in adolescence, to teaching. In 1933, upon graduation from Boston University Mrs. Churchill taught in several secondary schools before coming to Silver Lake in 1955, the school's first year of operation.

Mrs. Churchill's success as a teacher is based on a genuine interest in young people, coupled with an antipathy for the hackneyed and the stale. She firmly believes that every student possesses some talent which it is her obligation, as a teacher, to develop; indeed students are never graded on their errors, but on the amount of perfect work produced.

Mrs. Churchill's patience never falters. The harshest words she has ever been known to utter are "Let's have a Hush."

Her cheerful soft spokenness brings results where severity would surely fail.

In her years at Silver Lake, Mrs. Churchill has served as advisor to nearly every club and class. Currently, her driver training courses, the most popular in the school, cannot accept all applicants, so great is the demand for her instruction. As Dean of Girls, Mrs. Churchill advises students kindly and sympathetically on their personal problems.

In future years, all Seniors, even those of us who knew her only by her smile and greeting, looking back on half-forgotten memories of high school years, will think fondly of Mrs. Churchill as an outstanding teacher and individual.

MR. FRANCIS MORAN
SUPERINTENDENT

Today's high school graduate is quite different from his counterpart of five or ten years ago. Something has happened to change the emphasis from doing as little as possible to get by to a new emphasis on academic excellence. New mathematics, advance science, new foreign language teaching techniques are only some of the outward evidences of education's adjustment to the demands of a new technological society.

Our students can't help but recognize the premium now being placed on scholarship and training. Their schools are also changing. Teachers are being retrained, courses are being revised. Federal Aid is reality, making available new funds for research, scholarship, buildings and equipment. Today's graduates are indeed entering an exciting new world. In fact, they are the new world.

Mr. Benjamin Conant — (Chairman), Mr. George W. Cushman — (Sec.-Treas.), Mr. Charles Batchelder, III, Mr. Robert Barbieri, Mrs. Lilias Cingolani, Mrs. Virginia Crosby, Mr. Henry D. Hammond, Jr., Mrs. Margaret Meyer, Mr. Bowman Wingard, Mrs. Priscilla R. Holzworth, Mr. Robert Rigel.

SCHOOL COMMITTEE

The School Committee relates to the school system as Congress relates to our nation's governmental machine. This group of hard-working, dedicated citizens bear the immense responsibility of setting the policy which will determine our school's basic attitudes. They plan the budget, their prime interest being the welfare of all the students of Silver Lake.

MR. ARTHUR SILVESTER

PRINCIPAL

Office of the Principal

A yearbook represents a minuscule view of a school during a particular year. It recalls to you at a later date the activities in which you shared. With it you can recapture those moments that brought you happiness, suspense, anticipation, and even disappointment. This yearbook will become your emotional linkage to the past which would otherwise soon slip from mind.

But it is more than a roll call of your personal memories. It is a pictorial record of the school during the year 1965-66. As such it is a factor in the creation of an image of our school in the community. The yearbook staff is most cognizant of these facts and has endeavored, to the best of their ability, to present both an accurate and complete picture of the Silver Lake we know and respect.

Sincerely,

Arthur P. Silvester

GUIDANCE

Guidance Department

If a student at Silver Lake learns to understand himself in terms of his capabilities, then an important function of the Guidance Department has been realized. Students must set goals that can be obtained; through the process of counseling, with the use of tests, by the access of college and vocational information, and with the advantages of personal contacts with experts in many fields, the Guidance Department strives to help each student recognize his individual aims and purposes.

MR. EDWARD PARKS

ENGLISH

Mary C. Cherry, Jean Fitzgerald, Anna H. Hill, John McCormick, Lois Mulliken, Sally O'Neil, John J. Rock, John Smith, Wallace A. Weeks, Samuel Keith, Patrica Goldman and Beatrice Sprague.

English Department

Man's ability to communicate thoughts and ideas, orally and verbally, elevates him above all other creatures. The English Department strives to develop this ability and to enable him to communicate grammatically, logically, rhetorically and creatively. Freshman and Sophomore English emphasize the mechanics of the language and American literature, Junior English: British literature, Senior English: outstanding world literature.

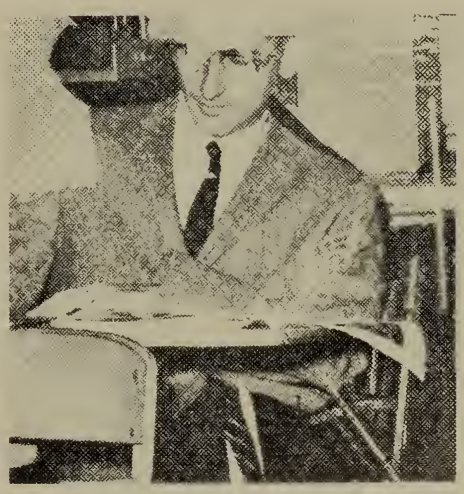
As a journey into the world of ideas, English confronts students with universal problems which they themselves must somehow solve.

SOCIAL STUDIES

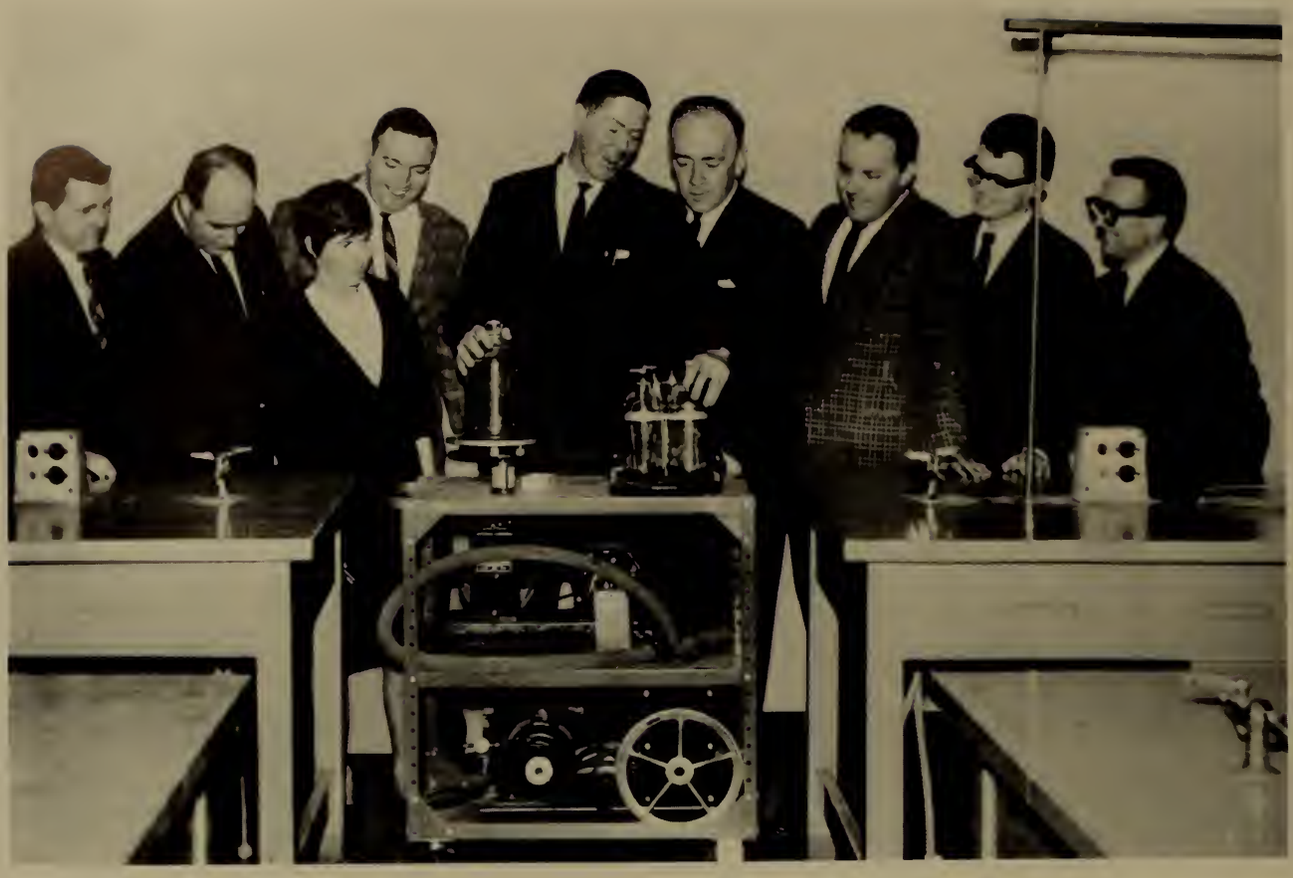
Barbara Anderson, Ann Chernak, Karen Schwab, Anthony Sirrico, Daniel Lowe, Gerald S. Barclay, Maurice J. Splaine, Kevin Dunn.

Social Studies Department

This year, the Social Studies Department placed more emphasis than ever before on the understanding of the United States in relation to the other nations of the world. For this reason, Government and Economics became courses required of all Seniors in the Academic course. Field trips to various historic and governmental landmarks furthered the conception of the United States as a link in the great chain of nations. In particular, the Seniors' annual excursion to the United Nations proved a great success by acquainting them with the problems and advantages of world government.



SCIENCE



Robert J. Coakley, Edward Daunheimer, Richard Everett, Clarence Heufelder, Wilfred Lescarbeau, William J. Markee, Jean H. McCulloch.

Science Department

Science may be defined as the process of explaining natural phenomena and integrating the results of discovery to the vast store of human knowledge. In a society largely scientific in character, the influence of scientific discovery on schools of thought, religion, and the standard of living assumes a prominent position. Silver Lake students are justifiably proud of their excellent Science Department which meets the ever-increasing standards and challenges of society.

MATH

Joan Cottuli, Phyllis A. Dennett, Ronald Fallon, Arnold Kaupp, A. Donald McAleer, Richard Nelson, Donald H. Randall, Marjorie L. Rounds.

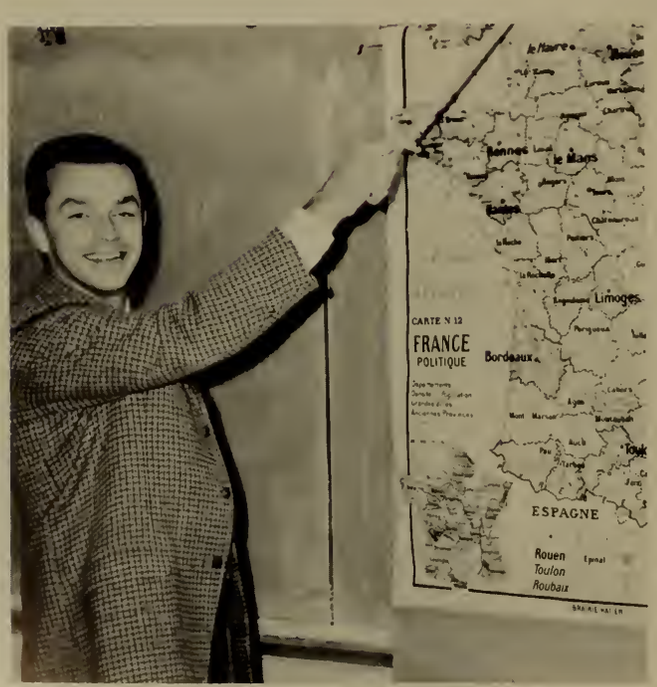
Math Department

Mathematics has practical and abstract value. Practically, it prepares students who will need a knowledge of math in their occupations and careers. Abstractly, to the Silver Lake mathematics teacher, "The most organized student is invariably a good mathematician."

This year, for the first time, Silver Lake offered an advanced placement mathematics course for students having already completed twelve years of mathematics.

FOREIGN LANGUAGE

Mildred C. Delapa, Ann S. Fingerman, Hidegarde Gillis, Susan Leighton, and Winslow Weeks.



Foreign Languages

Adventures in foreign countries, and their histories are extended to students enrolled in foreign language courses. While learning to read, write, and speak the language easily, the students are exposed to the culture, geography, and history of the country. Frequent field trips, films, and slides facilitate the study of the country and its language. Extensive language courses are offered in French, Spanish, and Latin.

COMMERCIAL

David Cronin, Michael A. Spinelli, Anna Chiros, Emily Nickerson, Catherine Breen.

Commercial Department

The Commercial department offers a broad background in the secretarial and business fields. Courses in typing, shorthand and bookkeeping prepare the students for success in the business world. Senior students gain valuable experience by working in Office Practice, where an actual office situation is created.

Art

The art program at Silver Lake emphasizes imagination and originality. Through visual imagery, students are encouraged to render their own visions of what lies around them. In addition to developing specific artistic talents, students are given an opportunity to sharpen their esthetic sensibilities and to widen their powers of conceptualization. A major facet of the art course is exposing pupils to as many media as possible; such as painting, drawing, printmaking, sculpture, pottery, textile work, and so on.

Music Department

Enthusiasm, coupled with industrious work, resulted in a successful year for the Silver Lake Music Department. Mr. Irving Wallace, director of the department spent much time preparing new marching forms and rehearsing with the school's drill team and majorettes.

Silver Lake band and orchestra members competed with musicians from other high schools for positions in the SEMBSA concert.

In order to raise funds to purchase new uniforms, band members sold school calendars depicting various events in the school year. The Band Parents Association sponsored a chicken barbecue in October for the same purpose.

The Vocational Department, consists of four branches: agriculture, automotive, carpentry, and home economics. Each of these courses is in an excellent position to give its respective students practical experience in the four fields and provide opportunities for these students to learn the equipment required of each field. Training is built around actual work, such as working with growing things, repairing automobiles, building houses, and cooking. The knowledge gained from this practical training assists the student in finding employment after his or her graduation.

Mr. Hardie Pierce, Mr. John Montosi, Mr. James Girouard, Miss Marjorie Wolejko, Miss Mary Killam.

PHYSICAL EDUCATION

Physical Education

The purpose of the Physical Education Department is not only to develop a fit, healthy body, but also to encourage good sportsmanship, teamwork, and a love of competition. All three qualities extend outside the gymnasium into the classroom and even into every day life. Good sportsmanship and teamwork promote harmony in relations with classmates, parents, fellow-workers. A love of competition leads to a desire for constant improvement in sports as well as in studies.

HONOR SOCIETY

National Honor Society

To be admitted into the National Honor Society, a service organization, a student must observe its cardinal tenets of "scholarship, leadership, character and service." Activities of the Honor Society include selling school pictures and raising funds to bestow substantial scholarships to worthy students. Members organized a panel of college students from whom interested Juniors and Seniors learned the answer to many of their questions concerning higher education.

Rushing to meet approaching deadlines, sponsoring drives to obtain necessary funds, planning photographer's appointments, the yearbook staff labored much of the school year to successfully present that review of the school year called the yearbook. The guidance of Mr. David Carroll and Mr. Ronald Fallon proved vital, as did the cooperation of the administration and the student body.

At Christmas the Key Club spearheads a food drive to benefit needy families in the area.

LIBRARY ASSISTANTS

The Student Librarians' Association is a service organization formed to aid students and teachers in the use of the library. Students work during their spare time before school, during study periods, and after school to keep the library running efficiently. Each year the Association sponsors a paperback book fair. Among their outside activities were trips to the Gardner Museum, the Museum of Fine Arts, the Widner Library of Harvard, Cinerama, and Durgin Park.

The Future Teachers of America gives interested members a valuable insight into teaching. Members gain necessary experience and knowledge by working as teachers' aides during study periods, correcting papers and assigning simple homework. The Silver Lake Chapter of the Future Farmers of America, under the leadership of Karl Meyer, has had a rewarding year. It took first place in a Parliamentary Procedure Contest, competed successfully in judging contests, public speaking contests, and activities at the state convention. The Chapter has helped to promote better vocational agriculture by conducting tours, and preparing exhibits.

Participation in this activity allows the student to work on any type of assignment he might prefer, and equips him for a rewarding future in Journalism.

CHEERLEADERS

During the school year, the cheerleaders support the football and basketball teams in building morale and school spirit with the student body through victory and defeat. They practice under the guidance and direction of Miss Janice Margeson.

The Majorettes, led by Captain Sandra Bean, displayed their adept twirling at several events throughout the year. These high-stepping girls led the halftime proceedings at football games, diverted a student audience at pep rallies, and twirled in concert with the Silver Lake Band in schools in the area. The majorettes also assisted the band in the selling of tickets for fun-raising activities.

DRILL TEAM

The Drill Team, dressed in brightly colored outfits, provide delightful entertainment at pep rallies and football games. Much practice goes into the feats of precision marching which the girls so skillfully perform.

R. Zoccolante, L. Wingard, B. Mullin, S. Clark, C. Nilosek, R. Noyes, S. O'Brien, B. Nava, D. Candini, S. Thrasher, S. Russ, K. Nogueira, J. Hamilton, L. Noyes.

Coaches: A. Carnathan, J. Montosi, D. McAleer.

Co-Captains *BOTTOM:* J. O'Brien. *TOP:* J. Mendall.

Despite its 3-6 season, Silver Lake's team showed many fine points. Led by Co-Captains Jack O'Brien and Jeff Mendall, the boys defeated Plynouth-Carver on Thanksgiving Day to make the season a success. This victory marked the second straight win over Plymouth and the first time the Lakers have beaten the Blue Eagles on our Home field.

The passing from Mendall to Truskowski, the up-the-middle running of Norm Short, the speed of Ken Lundgren, and the fancy-Dan running of Arnie Bartlett accounted for the Laker scores this season. Jackie O'Brien led the defense by making more tackles than any other football player in Silver Lake's history.

FIELD HOCKEY

FIRST ROW: B. Hay, E. Siemers, A. Giammarco, G. Taube, S. Nichols, M. Albino, S. Dandeneau, J. Monk. *SECOND ROW:* Miss Walejko, D. Pederzani, L. MacLeod, K. McCabe, W. Pinkham, S. Burgess.

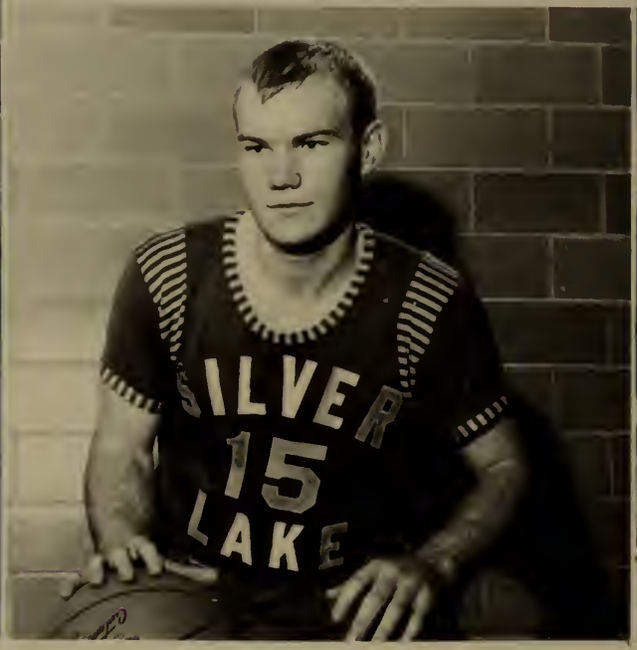
The clash of sticks resounded over the field as the Silver Lake field hockey teams battled their opponents last fall. Although the girls played with skill and spirit, making themselves credits to their coach and school, they were not always victorious.

GIRLS BASKETBALL

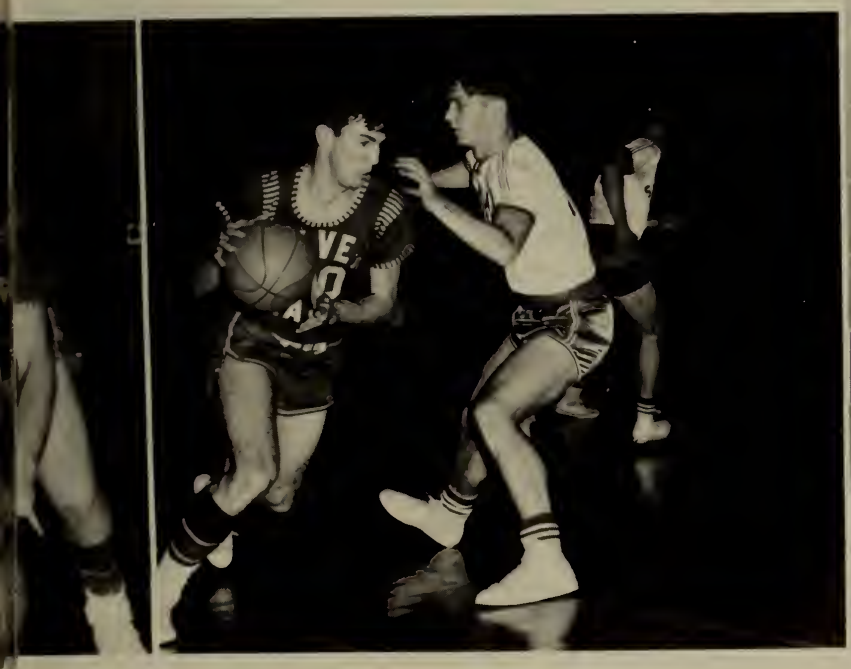
Practice and hard work make a good basketball team. With a majority of experienced players from last year's Junior Varsity, and practice, the outlook for this year's Varsity team is optimistic. For the Junior Varsity, the outlook is not as bright. A brand new team, except for one experienced player, and uphill struggle for victory is in store.

BASKE

BACK ROW: Mr. Girourd, G. Vining, P. Jones, K. Packard, P. Mullin, J. Mathews, W. Strassel. *FRONT ROW*: A. Bartlett, K. Hall, P. Presscott, L. Gould, W. Clark.

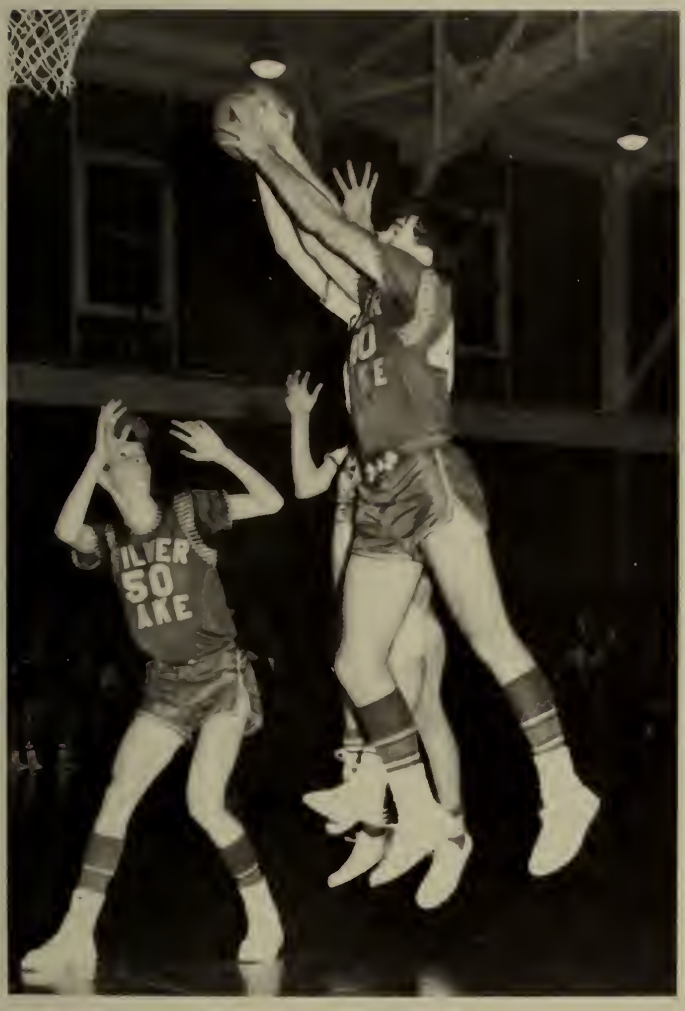


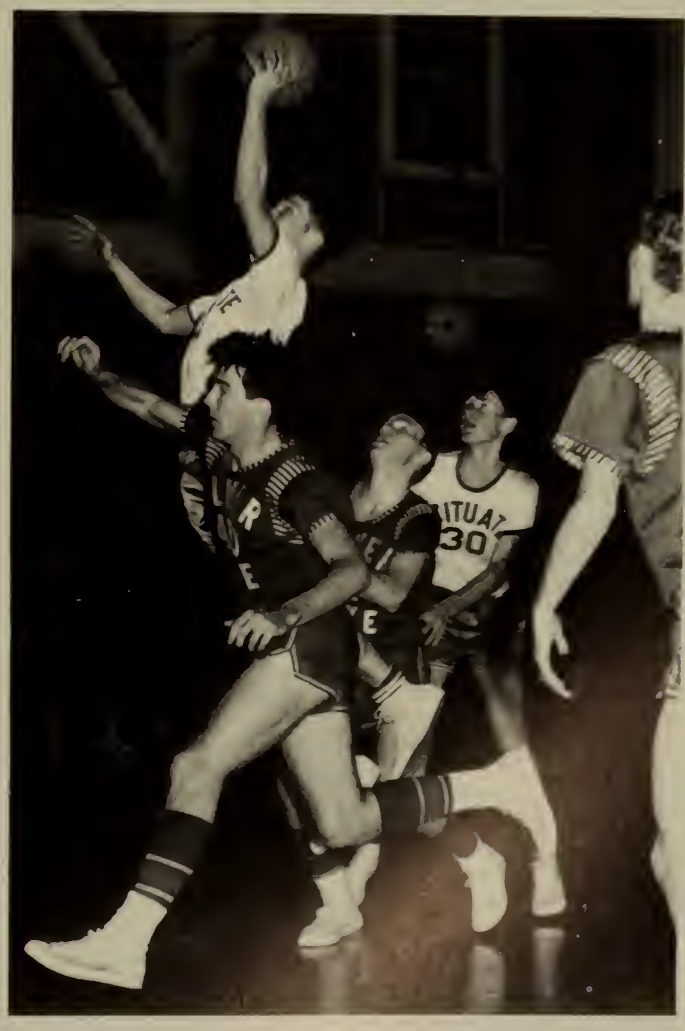
TBALL



30

Led by Co-captains Warren Strassel and Pete Prescott, the Silver Lake Varsity Basketball team opened the 1966 season in fine style by defeating Scituate and Dennis-Yarmouth in non-league competition, and be defeating Plymouth-Carver in the first league game. Larry Gould, Pete Prescott, Kevin Hall, George Vining and Warren Strassel were outstanding in this victory over Plymouth. Co-captains Pete Prescott and Pete Warren Strassel led the team in scoring with seventeen and sixteen points respectively. All signs point to a very successful season.





CROSS COUNTRY

BOTTOM ROW: D. Paffinger, Mr. Kaupp, L. Creightan, C. Jasmin, K. Dandeneau, D. McGrath. *MIDDLE ROW:* J. Mullikin, M. Stang, W. Pooler, R. Pejouhy, J. West. *TOP ROW:* R. Barnes, J. Snyder, J. Kondos, J. Gill, C. Alfieri.

The 1965 Cross Country season this year was a fair but exciting one. With an inexperienced but hard-working squad. Coach Arnold Kaupp developed a strong, well-trained team. The year started with five straight wins and finished with five defeats. Although this season was not a successful one, as the exhausted runner crossed the finish line, he sincerely felt that he had done his best.

SENIOR CLA

The Class of 1966 presented the play "A Connecticut Yankee In King Arthur's Court" on November 19 and 20, 1965, for the enjoyment of two enthralled audiences. The story of a Twentieth Century youth who goes back to the era of King Arthur was molded into a presentable play under the direction of Miss Janice Margeson. Without a doubt, the Silver Lake Academy awards will be presented to all the Seniors who put forth an extreme effort to make the play the fun and diversion it was.

Who can ever forget the aquatic wonder which was visible at the Junior Prom on May 5, 1965? We tripped the light fantastic to the melodic notes of Ray Michael's band. After all the worrying, working, and preparations, the final outcome of the prom was most satisfying. The class of 66 deeply appreciates the aid of Mr. Coakley and his co-advisors Miss Gillis and Mr. Smith.

CLASS HISTORY

Mrs. Nathanson

Senior Advisor

As Seniors, the class of 1966 looks back six years to 1961 when we first entered the Old High School as Junior High School Students. While in junior high we formed many new friendships. Our first social in the seventh grade was a Valentine's Dance.

The next year we entered Silver Lake, a bewildered group of eighth graders. As Freshmen in 1963, we really became a part of the school. With Mr. Markee to guide us we were able to hold a successful Spring dance. That year we were very fortunate in having an undefeated Freshman basketball team. Our officers for the year were President: Emily Lee; Vice President: Warren Strassel; Treasurer: Robert Gassett; Secretary: Patricia Ferguson; Historian: Cynthia O'Neal.

The year 1964 brought us still closer to our goal of becoming Seniors. Our officers for the year were: President: Warren Strassel; Vice President: Robert Gassett; Treasurer: John Balboni; Secretary: Cynthia Cook; Historian: Amy Lind. Miss Margeson served as our advisor that year. In April we sponsored a not too successful fashion show; Hawaiian Holiday. The dance, like the fashion show, was not a great success.

Then we were Juniors! The class officers for that year were President: Stephen Whiting; Vice President: Robert Gassett; Secretary: Patricia Ferguson; Treasurer: George Ekstrom; Historian: Marsha Lemerise. Along with the executive board and Mr. Coakley the business of the class was carried on. Many wonderful things happened that year, but the most fabulous was the Junior Prom, Paradise of the Deep, held on May 7th. The highlights of the evening were the Grand March and the selection of the Queen, Adele Lindbeck, and her court. Dinner at the Monponsett Inn concluded a night long to be remembered.

Finally in September of 1965 our dream was realized. We were truly Seniors! We elected as officers President: Dana Perkins; Vice President: Robert Gassett; Treasurer: George Ekstrom; Secretary: Patricia Ferguson; Historian: Cynthia O'Neal. In November our Senior Class Play, *A Connecticut Yankee in King Arthur's Court,* was a great success. As of June 12th, 1966, we will no longer be students but will be alumni of Silver Lake. Ahead of us is the future and a whole new life is opening up to us.
